

BLUE INNOVATION FOX
ADVENTURES

YOUR ROUTE. YOUR ADVENTURE.

DOLOMITES EXPLORER

Five classic hikes in the Dolomites

Great landscapes. Your own pace.

From turquoise lakeshores to the panorama beneath the Odle peaks: discover five selected hikes with GPX routes and a detailed guide. For days outdoors you will remember.

5

HIKES

35.3 km

TOTAL DISTANCE

approx. 1,640 m

TOTAL ASCENT

FIVE HIKES. FIVE PERSPECTIVES.

Which view will be yours?

Choose by time, fitness and the scenery you love. These are separate hikes, not a continuous multi-day trek.

01 Lago di Braies

A full circuit of the lake. Lakeside paths, woodland and the chapel - the shortest hike in the collection.

SAC T1 · Loop

3.5 km

110 m ascent

1:15 h

02 Catinaccio & Roda di Vaèl

From the Paolina upper station via the Hirzelweg, past the bronze eagle, to Rifugio Roda di Vaèl and back.

SAC T2 · Out and back · Lift access

3.8 km

210 m ascent

1:30 h

03 Tre Cime di Lavaredo

From Rifugio Auronzo via Lavaredo and Forcella Lavaredo to Locatelli; return via Malga Langalm.

SAC T2 · Loop

9.1 km

400 m ascent

3:15 h

04 Adolf-Munkel Trail

From Zans beneath the Odle peaks to Geisleralm; return via Dusler Alm.

SAC T2 · Loop

9.3 km

420 m ascent

3:30 h

05 Seceda from Col Raiser

Up to Seceda, then via Pieralongia Alm and Rifugio Firenze back to the upper station.

SAC T2 · Loop · Lift access

9.6 km

500 m ascent

4:00 h

Walking times are estimates excluding breaks; elevations are rounded model values. SAC grades come from OpenStreetMap and do not replace an on-site assessment.

BLUE INNOVATION FOX
ADVENTURES

FROM ANTICIPATION TO THE TRAIL.

Your hike. Thoughtfully put together.

Less searching, more clarity: route files and practical hiking information brought together.

Inside your digital package

05 GPX ROUTES

One file per hike for devices and apps that support GPX import.

GERMAN-LANGUAGE PDF GUIDE

Maps, elevation profiles, stages, starting points and places to eat.

PRACTICAL PREPARATION

Packing list, access notes and Garmin import instructions.

ADDITIONAL MAP VIEWS

KML for Google My Maps and KMZ for Google Earth; instructions included.

Watch image: illustrative marketing concept. Navigation and map views depend on the device and installed maps; watch not included.

YOUR NEXT DAY OUTDOORS.

Choose your classic.

Perhaps your adventure begins by the lake. Perhaps with a view of the Tre Cime. You choose the hike that suits your day - Dolomites Explorer provides the files and the overview.

1

Choose

Pick your hike by distance, ascent and trail grade.

2

Prepare

Import the GPX, sync your device and save the guide offline.

3

Set off

Check weather, access and trail conditions before you start.

DISCOVER DOLOMITES EXPLORER

Before you buy: Digital files for self-guided hikes, not a guided trip. A device with course navigation is required; maps and turn prompts depend on the device. Lifts, parking, travel and meals are not included.
